

LIVE STOCK MARKET

Hog Prices Advance Another Full Nickel.

THE TOP PRICE WAS \$4.55

Cattle Market Shows a Little More Strength.

Hog receipts were light yesterday as compared with the two days previous, the combined receipts of Tuesday and Wednesday being about 4,000. The market yesterday was a strong nickel higher. The accumulations of the previous night were all taken at Wednesday's prices and the fresh receipts got the benefit of the rise. Shippers are evidently going to celebrate New Year's day at home, as all reports indicated light receipts last night and today. It seems to be the expectation of all connected with the market that prices for hogs will gradually advance after today. However, it is usually the unexpected that happens, but this may be one of the times in which that rule does not apply. The top price yesterday was \$4.55. This was seven and half cents higher than the quotations under the head of early sales, but they were well finished heavy hogs.

Hog Sales.
By an arrangement between the packers and commission men, hogs arriving late in the night are fed, watered and weighed up on arrival and the next morning sold at the previous day's prices. These hogs are quoted under the head of "early sales," and the fresh receipts, full sale of which is governed by the market for the day on which they are sold, are quoted under the head of "late sales."

CATTLE.

Cattle receipts continue light, but the market shows a little strength for all grades except good stockers and feeders, which are about five to ten cents higher than a week ago.
